

D2Coils

From Discotech.info

There are a lot of different options on the spring front for OEM Parts.

Standard RH Drive vehicles Pre-03 Model year, you had 9 Coil springs with a free length of 385mm made of Carbon Chrome.

From the 03 model year would be fitted with either Grey/Orange and Yellow/Grey or Pink/Grey and Brown/Orange if they are a 5-seater.

The uprated version is for the 7-seater weight, and is Green/Grey and White/Grey. The later ones are all Silicon Manganese.

Brown/Orange is 8.73 Coils for 384.7mm free length.

Grey/Orange is 8.73 Coils for 392mm free length.

Yellow/Grey is 8.73 Coils for 376.6mm free length.

Pink/Grey is 8.73 Coils for 400.3mm free length.

Green/Grey is 9.10 Coils for 395.2mm free length.

White/Grey is 9.10 Coils for 380.6mm free length.

Front springs upto 03 Model year were 7.6Coil/377mm on petrol (pink/orange) and 7.6Coil/383mm on Diesel (white/purple).

Post 03 there were a new range of springs to allow for the 4.6L petrol, winch and trim height variations.

All were made from Silicone Manganese.

Standard Fit RH/LH

7.4/378.4mm (Yellow/Purple) & 7.4/365mm (Blue/Purple)

7.4/387mm (Grey/Purple) & 7.4/373.8mm (Purple/Purple)

7.4/394.6mm (Yellow/Orange) & 7.4/382.6mm (Green/Orange)

If you had Yellow/Purple and Blue/Purple fitted you should fit Yellow/Orange (7.4/394.6mm) both sides for a Winch.

If you had Grey/Purple and Purple/Purple fitted you should fit Green/Orange (7.4/382.6mm) both sides for a Winch.

If you had Yellow/Orange and Green/Orange fitted you should fit Pink/Brown (7.6/405.6mm) both sides for a Winch.

Pink/Brown are the hardest/tallest you can get on the front OEM.

Part numbers are as follows and are all for RHD Vehicles.

FRONT SPRINGS

RH V8 to 03 Model Year - REB101340

LH V8 to 03 Model Year - REB101330
